

SYDNEY BUS ROUTES

All-time list of bus routes in Sydney

1925 – current

A check-list of all bus routes (both Government & private) in the metropolitan area of Sydney, New South Wales, Australia, both numbered & unnumbered & with or without alphabetical prefixes or suffixes

A work in progress. Corrections and comments welcome – robkit.henderson@bigpond.com

“City” in this listing refers to any destination in the City, from Sydney Town Hall northwards.

‡ – **Numbers of routes in the Northern Beaches area** (& 236 on the Lower North Shore), which commenced in the 1920s, 1930s & early 1940s, were initially in the 1925 number series. But, after adoption of Sydney Region (or standard three-digit) route numbers between 1938 & 1943, the numbers of these routes, although unchanged, became part of that series. While such routes fall under both 1925 & Sydney Region series at different times, they are only shown in this listing & elsewhere on this website in the “Sydney Region route number” series for convenience.

Routes are listed in this order:
